

# Case Study: HMS Shower Decks

## General Overview

HMS Naval vessel required refurbishment of its old shower decks and wet areas to provide a clean, bright and decorative finish. A long term solution was required with high performance, soft underfoot and totally seamless and fully waterproof. A hygienic wall system was also installed.

## Benefits

- Clean, bright, decorative finish
- Soft underfoot
- Completely seamless no joints
- Easy clean
- Fully waterproof compartment

## Solutions

- ✓ Soft underfoot, seamless and fully waterproof solution
- ✓ Provides long term protection to steel decks
- ✓ Refurbishment ensures ship does not have to replace all of its shower decks
